Trading performance

The company

The company's principal activity is to carry on the business of an investment company, by raising funds to finance the operations and capital projects of Exalco Properties Limited, a main operating company forming part of Exalco Group.

Finance income amounting to €371,837 (2021: €369,401) is generated from a facility fee and interest charged on the loan advanced to Exalco Properties Limited. Financial costs comprise interest payable on the bond issue and amortisation of the issued costs thereof amounting to €312,534 (2021: €312,534). Profit before taxation for the six-month period under review was €26,660 (2021: €23,211).

The directors do not anticipate any significant changes during the forthcoming six months.

The Guarantor

The Guarantor generated revenue of €2,497,621, an increase of €39,733 over the comparative period. This increase is mainly attributable to revised rental agreements in line with market rates. This contributed to a profit before tax of €1,374,914.

The Guarantor envisages occupancy levels in the next six months to remain close to 100% in all its buildings, although its directors remain alert to external market factors, particularly the impact to the economy that may be caused by the continuation of the pandemic, the war in Ukraine, as well as Malta's continued ability to attract investment from abroad.
